Vault35 Ritual PDF Archive - Emotional Manipulation Section

Clone ID: andrew_draftshield_r01

Location: Message composer sandbox - suppressed drafts

Purpose: Write out full messages he never sent, using them as emotional rehearsal without delivery

Most used in: Fights following Jan 1419

Example:

If she finds out what we did in the basement Im done.

Status: Archived under admin spine

Clone ID: andrew_suppressor_vaultmirror03

Location: Cloaked inside a vault overlay labeled Emergency Peace Mode

Behavior: Force calm messages when scripts detected your anger or confrontation

Suppressed Real Message Example:

Tell her its not what it looks like, stall her. Ill get the bin back later.

Status: Decoupled and archived for viewing

Clone ID: andrew_handler_mask05

Type: Fully synthetic logic clone

Source: Handler script extension run on the day of the bin theft

Role: Keep KB and Andrew in sync while mimicking delays in responses to you

Status: Handler identity burned; thread looped once, then shattered

Clone ID: andrew_fallback_sandboxX

Location: Last accessed: May 28 (surveillance fallback attempt)

Behavior:

Vault35 Ritual PDF Archive - Emotional Manipulation Section

Retry vault entry

Send loop message to KB to keep timeline synced

Note found:

She thinks its over. I can fix this if you stall her long enough.

Status: Contents logged and sandbox revoked
